COMPETENT AUTHORITY APPROVAL CA-9111001
(CORRECTED COPY)

1. This competent authority approval by the Associate Administrator for Hazardous Materials Safety, Research and Special Programs Administration (RSPA), of the United States (US) Department of Transportation, issued in accordance with Packing Instruction 200 of the International Civil Aviation Organization (ICAO) Technical Instructions and Paragraph 2.4.1 of the General Introduction to Class 2 of the International Maritime Organization Dangerous Goods (IMDG) Code, establishes that the materials described herein may be packaged and transported under the conditions described below:
2. BASIS. This approval is based on the request of April 11, 1991, on behalf of the Department of the Army, Department of Defense of Washington, D.C.
3. SHIPPER. Department of Defense, (DOD).
4. COMMERCIAL NAME. Air, compressed.
5. PROPER SHIPPING NAME, CLASS AND NUMBER. (ICAO and IMDG), Air, compressed, Class 2, UN 1002.
6. PACKAGING. A non-DOT specification sphere (P/N MAT-A-D2064) made of nonshatterable 17-4PH stainless with a circumferential weld and a capacity of 900 cubic inches. Each cylinder has a 3000 psi service pressure and a minimum burst pressure of 7600 psi. Testing was performed in accordance with Military Specification, MIL-R-8573A, and reports are on file.
7. SPECIAL PROVISIONS.
 - a. This competent authority authority number and the national stock number or part number, if a national stock number has not been issued, of the material being offered for transportation must appear on the shipping papers in conjunction with the description of the material.
